Operational activities have all employees reducing field work due to cooler weather. The mosquito counts have been falling. There is now 6 positive chickens and one human death from WNV in Tehama County. Neighboring counties continue to have increased number of human cases. For capital expenditures the district has purchased the tractor and 2 pickups. The first one should be in soon. The new auditor Bob Gustafson is on a one-year contract and he was in our office last week going over warrants and did ask some questions on some income such as Rolling Hills. He was very knowledgeable and seems like he may be a good fit for the district. Manager Cox will be going to the MVCAC Annual Conference in January in Oakland.
